It is with great enthusiasm that I write this letter of recommendation to Joseph Paul for his position as our company's Graphic Artist designer during the past ten years. During that time I have had the opportunity to view his incredible creativity and insight along with the ability to accomplish his tasks in a timely manner.

Joseph loves his craft and is exceptional at communicating his ideas while embracing the client's needs. Our company has turned to him again and again for his excellent, creative designs and quick turn-around on projects.

Our company Coenzyme A Technologies, Inc. is a very unique company that has exclusively developed world renowned product formulations. Therefore this was a very demanding task for him to develop the proper label and advertising campaign for this project.

The requirements were extremely difficult not only from an artistic point of view but also from a technical perspective since we were dealing with the F.D.A. and the FTC. Regulatory guidelines.

I am very proud to say that Joseph has designed five Industry award winning labels for our company's Coenzyme A product developments and we look forward to working with him once again in future projects.

Sincerely,

Dr. Nickolaos D. Skouras, Ph.D.
